Based on Science

Every year, Alaska's scientists conduct research on topics including:

- Fish stocks
- Climatic
- Environmental
- Socioeconomic factors

Slide 11

Slide 12

Transparency

Alaska funds and supports over 80 fish and game advisory committees in Alaskan communities

The top photograph shows two men, one in a light blue shirt and one in a dark shirt, looking at a document together. The bottom photograph shows a large group of people seated around a long table in a community meeting, with a presentation board visible in the background.

Slide 13

Transparency

- Public participation and education help people understand management decisions
- When science dictates that a cutback is needed, stakeholders are willing to sacrifice
